

# SAMOURAI *CONTOUR*

The Samurai Contour from Techmagri is a drill specifically designed to meet the needs of today's arable farmers. Featuring ultra precise depth control, excellent trash clearance, and a range of coulters for differing conditions and applications. Simple but strong compact design with mounted models up to 6 metres for maximum versatility. For larger acreage's there is a trailed 8 metre model with a 5000 litre air-cart and for autumn 2009, 10 and 12 metre versions will be available .

The Samurai Contour can cope with high levels of surface crop residue

#### A unique combination of features

- All the land is firmed ahead of the coulters either by the roller or the tractor wheels.
- All drills are equipped with the popular and proven Accord type metering system.
- Each coulter can be quickly adjusted for depth and pressure.
- The rigid coulter tine means that the seed is distributed evenly along the row, without the seed bunching associated with sprung tines.
- Press wheels control sowing depth and firm the seed slot, whilst the flexible centre section of the tyre prevents moist soil being plucked from the seed slot.

15mm wide Tungsten Carbide coulter tips are designed for long life and can either be straight for tilled ground or forward sloping for direct seeding.

Folding models transport at less than 3 metres

Following harrow sweep tines leave a level finish and do not block in high levels of trash

## Standard Equipment:

- 3 rows of coulters
- Front Pneuflex Roller
- Fan driven by power take-off
- RDS control (*tramlines, area measurement, fan, metering and seed level monitoring* )
- 15mm Tungsten Carbide chisel point coulters with individual depth adjustment

Samourai	Model/Width (m)	Metering System	Hopper (litres)	No of Coulters	Min power (hp)
S30 P	3m mounted	Accord	1300	18	80
S40 p	4m mounted	Accord	1300	24	100
S40 PR	4m mounted hyd. folding	Accord	1300	24	100
S48 PR	4.8m mounted hyd. folding	Accord	1300	29	120
S60 PR	6m mounted hyd. folding	Accord x 2	1600	36	150
S80 TR	8m trailed hyd. folding	Accord x 2	5000	48	200

## Extra Equipment :

Pre-emergence markers

GPS guidance in lieu of markers
